MORRIS FANNON — Auctioneer

Sales Manager — JOHN B. HUDSON
Avenel Farm Bethesda 14, Md.

General Information

TIME—FRIDAY, OCTOBER 26, 1956, at 7:00 P. M.

LOCATION—Sale will be held at Farmers' Livestock Exchange on Route 50, just west of Winchester, Virginia. There are good bus connections to Winchester from most points. Rail connections may be made via B. and O. at Martinsburg, West Virginia, and trains will be met. Notify the sale manager.

SALE HEADQUARTERS will be at the George Washington Hotel, Winchester, Virginia. Make Your Reservation Early.

TERMS—Terms of the sale are cash unless other arrangements are made in advance with the consignor from whom you purchase. Settlements are to be made with the clerk of the sale immediately at the conclusion of the auction. All animals are at the buyer's risk as soon as sold but will not be released until settled for.

HEALTH—All cattle will meet health requirements as required by the State of Virginia for selling by public auction.

GUARANTEE—All cattle in this sale will be sold under the standard endorsed by the American Shorthorn Breeders Association, printed elsewhere in this catalog.

The above guarantee and terms shall constitute a contract between the consignor and buyer of each lot. Neither the Sale Manager nor Clerk of the Sale assumes any liability, legal or otherwise.

REGISTRATION—A certificate of registration and signed transfer will be furnished for each lot sold and an application for registry will be furnished on each calf sold at foot and for each unborn calf sold in dam. In the case of Grade Cows there is no registration.

LIABILITY—Although every precaution will be exercised to protect the safety and comfort of the guests of this sale, neither this association, its auctioneer, clerk, nor sale manager can assume any liability.

MAIL BIDS—Those wishing to buy in this sale who cannot be present may send their bids to:

Ed Huff, Culpeper, Virginia, Eastern Representative, American Shorthorn Breeders' Association.

John B. Hudson, Sale Manager, Avenel Farm, Bethesda, Maryland.

AUCTIONEER—Morris Fannon, Pennington Gap, Virginia.

A SPECIAL MESSAGE TO COMMERCIAL CATTLE BREEDERS

The figures shown in this table are important **TO YOU**. The table tells in pounds and dollars the superiority of Shorthorns in the 1955 Virginia Feeder Calf Sales. No explanation is necessary because the figures speak for themselves. Note that in every single category the Shorthorns outweighed the overall average of the other breeds and when you consider that Shorthorns have been figured into the all-breed supremacy, the figures show a tremendous advantage for Shorthorns. Study this table carefully:

VIRGINIA FEEDER CALF SALES — 1955

DON'T FORGET . . . YOU SELL BEEF BY THE POUND AND YOU GET MORE POUNDS AND MORE DOLLARS THROUGH THE USE OF SHORTHORN BULLS. WHY NOT CHANGE?

The Virginia Feeder Calf table on the preceding page and the Front Royal table on bulls on Record of Performance Test are printed here as further evidence and proof that Shorthorns and Polled Shorthorns have the bred-in ability to make fast gains at a lower cost to you. If you wish to profit by this bred-in gaining ability, why not consider investing in one or more of these Six Bulls and 76 Females offered in this sale.

Look at the FRONT ROYAL RECORD!

STANDARD GUARANTEE

OF

American Shorthorn Breeders Association

1. Proper care must be given by purchaser to protect breeding qualities and health of guaranteed animals.

2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder, notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.

3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.

4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction to all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.

5. All animals catalogued have been tested for T. B. and are clean, and have also passed a test for Brucellosis thirty days prior to the sale, or are accompanied by a Bangs Vaccination Certificate. Announcements will be made covering animals not clear from vaccination.

6. Certificates of registry and transfer will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.

7. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid off. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

All prospective buyers should check health requirements of their states.

As a safeguard to prospective buyers, every animal has successfully passed a clean abortion blood test within 30 days prior to the sale, or will have Certificates of Bangs Calfhood Vaccination, and those that are not from Accredited herds have passed a clean Tuberculin test within the same period. Health certificates will be provided with each lot sold.
